### • Recommendations –

In the college, enrollment of students is done according to the norms of government and UGC guidelines. It is observed from the above tabulated data that for SC, ST, NT-A, NT-B, NT-C, NT-D categories the percentage of girls enrolled is averaged between 30-40 % which is comparatively low.

- Special emphasis can be given by creating social awareness, counseling to the girls as well as parents.
- International women's day is scheduled on 8th March, awareness programmes can be arranged for the importance of education of girls.
- teaching women and men explicitly and directly about gender equality issues involving families, men and boys, and helping girls and women address equality.
- concerns involving NGO's and local governing bodies.
